Education

Universidad de Sevilla

Software Engineering 2015 - Present

Colegio Santo Tomás de Aquino

Bachillerato Tecnológico 2013 - 2015

Skills

Languages:

- **Spanish:** Native
- **English:** Proficient - Cambridge certificated C2 CEFR Level

Technologies:

- **Java:**
  - **Spring Framework:** Spring Boot, Spring Data, Spring Cloud...
  - **Liferay**, Vaadin, Android, JavaFX, MyBatis
- **Javascript:**
  - **Node.js**, Puppeteer, Electron, Express
- **Python**, Django
- Microservice architecture (Spring boot, Netflix stack)
- Elastic Stack, Mule, WSO2
- SQL (MySQL, Oracle, SQLServer), MongoDB
- Git, SVN, Maven, Gradle, Jenkins, Travis

Experience

Software Developer   *BABEL S.I.: December 2018 - Present*

- Java Development with Liferay

Software Developer   *Tier1, S.A.: September 2018 - December 2018*

- Researched and implemented proofs of concept for new technologies
- Developed a microservice architecture for new projects, worked on the migration of older ones

Intern Software Developer   *Tier1, S.A.: February 2018 - September 2018*

- Java Development tasks with Spring MVC, SQL/MyBatis, Vaadin, JavaFX, Liferay, Mule, WSO2 and more
- My tasks involved developing new features and bugfixing for large legacy projects. I have also worked in newer projects, and developed proofs of concept for new technologies
- My main tools have been Eclipse, Maven, Git, SVN and Jenkins
